Ermias Getnet

👤 Profile

I am a highly motivated and detail-oriented Software Engineering student at Arbaminch University, currently in my 4th year of study. My academic background, combined with hands-on experience in Fullstack Development and Video Editing, has allowed me to build a diverse skill set that blends technical expertise with creativity.

Bachelor of Software Engineering

Arbaminch University, Ethiopia

Expertise

video editing

UI/UX design

web development

CLOUD & DEVOPS

Language

English

Amharic

💼 Work Experience

2022 – present

Freelance

video editing

- Edited and produced videos for clients, including corporate content, promotional videos, and YouTube content.
- Expertise in using editing tools like Adobe Premiere Pro, Final Cut Pro, and DaVinci Resolve.

2023 – present

Freelance Fullstack Developer

- Develop full-stack applications for clients using modern technologies such as React, Node.js, Express, MongoDB, and SQl.
- Delivered scalable and maintainable web applications with a strong focus on UI/UX design and client satisfaction.

future

Career Goals

- **Short-Term:** To leverage my full-stack development skills to contribute to innovative software products and work with a forward-thinking team.
- **Long-Term**: To evolve into a technical lead or product manager, helping to guide the development of impactful tech solutions in the software engineering space

Volunteer Experience

Tech Workshop Instructor

- Taught basic web development skills (HTML, CSS, JavaScript) to high school students as part of a community outreach program to increase youth interest in technology.

soft skills

- Strong problem-solving and critical thinking abilities.
- Excellent communication and interpersonal skills.
- Self-motivated, proactive, and able to work independently or within a team.
